He reviewed the Licensing Guidelines which included Language added to the guidelines from July 2013. Additions to the Licensing Guidelines from July 2013 included that the licensed products be consistent with the use permits granted by the Market Historical Commission for merchandise sold in the Market and that all products using the Market...

There was a discussion regarding the Farm Development Coordinator Position for the Pike Place Market PDA. She presented a proposal regarding the Farm Development position for the PDA. Kelly Lindsay noted that the notion of forming a Farm Development Coordinator Position came out of the 2014 PDA Budget Review. The position would help specifically recruit and sustain farmers at the Pike Place Market since there has been a decline in the number and of farmers at the Market as well as the retention rate of the farmers. Kelly noted that one of the biggest problems that we are trying to solve with the creation of the Farmer Development position would be with farmer profitability. She discussed other challenges farmers are facing in which our staff could help resolve.

There was a brief discussion that followed.
