I. Action Item: Proposed Resolution 14-70: Adoption of the 2015 PDA Operating and Capital Projects Budget

   Ben Franz-Knight introduced the resolution which states that the PDA is a public corporation responsible for the efficient development and operation of the Market and for the effective provision of services designed to preserve and promote the economic health of the Market and its tenants consistent with the Urban Renewal Plan, the Historic District Ordinance and Guidelines, the PDA Charter, deed restrictions, and other City and State ordinances and laws; and, WHEREAS, as a public corporation, the PDA operates on a non-profit basis, where any excess of revenues over expenditures is reinvested in the Market; and, WHEREAS, the PDA desires to communicate to the Market community and the public the bases for its financial, operational and other policy and program decisions; WHEREAS, except for HUD contract rents, the PDA’s operations are not subsidized by public funds and rely on rental and miscellaneous income for its total operating and capital revenues; and, WHEREAS, the Budget schedule and summary were made available to tenants; the PDA Council’s Finance & Asset Management Committee conducted working sessions, considered public testimony, and suggested amendments to the 2015 Proposed Budget; and has recommended adoption of the 2015 Budgets; and WHEREAS, the 2015 Operating and Capital budgets are approved as a whole, with the exception of the Employee Pension contribution which will be determined in February 2015 based on the 2014 Final Operating Statements.

   NOW, THEREFORE, BE IT RESOLVED, that the PDA Council does hereby adopt the 2015 PDA Operating and Capital Budgets as outlined in the 2015 Budget Document attached hereto as Exhibit A.
AND, BE IT FURTHER RESOLVED, that the PDA Council affirms its established budget, revenue and operating policies as follows:

(1) All tenant sectors of the Market bear a responsibility for PDA costs incurred to serve the Market's operating and capital needs as a whole, and to fulfill the public interest purposes of the PDA, to preserve and promote the traditional character of the Market;

(2) The PDA Council recognizes that external economic conditions and competitive pressures affect Market businesses and residents and attempts to prudently and sensitively take these factors and their potential effects into account in setting revenue estimates and requirements and in conducting its property management responsibilities in the course of the year;

(3) The Market is operated as an integrated whole with services distributed in accordance with ongoing maintenance and operations requirements, current and future capital needs, and needs for response to critical or emergency demands. The flexibility created by operating the Market as a whole, instead of as independent and exclusive separate and individual buildings or tenant groups, enables the PDA to maximize efficiency and responsiveness to community-wide and Market-wide needs, while still providing attention to individual tenant needs.

This operating mode, combined with the PDA's fulfillment of Charter-mandated public interest and preservation objectives, does not lend itself to a strict relationship between costs and revenues from individual buildings or between costs and revenues from individuals or groups of tenants. While costs and revenues can be estimated for subgroups of Market facilities and tenants, it is not appropriate from a policy or operational standpoint to develop the budget and operate the Market on a strict cost center basis.

Ann Magnano moved, Gloria Skouge seconded

There was a discussion by the committee regarding the proposed budget for the 2015 year.

Matt Hanna asked Ben a few questions regarding the budget breakdown including specific figures from the Programs and Events Department budget.

Jim Savitt stated that it occurred to him that he did not bring up a concern from a previous meeting on the capital projects budget. He said costs were increasing faster than inflation. He mentioned he had some concern over the proposed revenue increases which are covering the increased costs. He inquired in how we would cover the increased costs for 2015 if we do not perform as well as we projected.

Matt Hanna requested to see details in the Capital Projects budget from Ben Franz-Knight.

VI. Further Public Comment
Joan Paulson commented on three main issues regarding the MarketFront design, 2015 Proposed Budget and approval of Resolutions 14-72, 14-73, 14-74 and 14-75. She commented on the variances in the PDA Council makeup and how the variances relate to individual palettes; she was referring to the current Market Front color scheme. She further noted that the new building looks too industrial and could use more color. The second issue she brought up was regarding the approval of the 2015 Pike Place Market PDA budget, including approval for the seven percent proposed increase for 2015. She was told prior by Ben Franz-Knight in a Constituency meeting that 2016-2017 budget increases would be higher; she wanted to know how much higher. Lastly she noted that with the recent approval of Resolutions 14-72, 14-73, 14-74 and 14-75 that we have essentially approved the Waterfront project.
VII. **Concerns of Committee Members**
Jim Savitt asked about the Annual Marketing Plan and if it would be discussed at the full council meeting in December.

Ann Magnano noted in regards to Joan Paulson’s comment of how she was nervous on voting on the four resolutions regarding the MarketFront project.

VIII. **Adjournment**
The meeting was adjourned at 5:51pm. Matt Hanna, PDA Council Chair
