II. Announcements and Community Comments

Bob Messina commented on interior MarketFront spaces inquiring if there are any places where we could allocate for public seating near the commercial area. He mentioned examples of public seating in the Market like with Flower Row and near the Daily Dozen space.

Patricia Gray, Capital Campaign Manager formally announced that the MarketFront groundbreaking ceremony would be held on May 20th, 11:00am at the project site. She added that Mayor Ed Murray has confirmed his participation in the groundbreaking ceremony, along with expected city officials. She further added that we are still in the preliminary planning process for the event, with a theme of “We are celebrating the Market’s past, present and future with the new MarketFront to come”. She will be going to the Market Historic Commission MHC this month for phase one of the MarketFront promotional signage throughout the Market; this will be dealing with how are we communicating with the people visiting the Market in what’s happening with the site. She noted that next month will be phase two of the MarketFront promotional signage. She lastly reported on the Campaign fundraising efforts, noting that a lot of the lead sponsors have come on board with the project as the project has becoming more real with actual commitments. She noted that in in the last week they have raised over \$215,000 for the PikeUp campaign.

III. Key Issues and Discussion Items

- A. Update on Budget Summary, Flow of Funds and Schedule - MarketFront project
Justine Kim, Project Manager and Ben Franz-Knight provided a review of the Marketfront Project Flow of Funds and Total Budget Summary. A copy of the MarketFront Budget Summary, Flow of Funds and Schedule was included with the PDA Council records. Justine Kim distributed an updated project budget summary which had included total project costs of \$71,763,250. She noted again that if things go well with a majority of the earth work and with construction, there could be room in the budget to add back some of the alternates that were previously removed from the total project costs.
- B. MarketFront Design Update - Plaza Canopy and Housing Color Palette
Steve Doub from Miller Hull presented a brief review of the MarketFront residential interior materials and palette design. He distributed several interior material samples for residential, including an updated color for the main vinyl tile flooring. Other interior finishes included the following:

Flooring:

Public Hallways - carpet tile with color in Obscura

Unit Main - vinyl tile in color Theorem

Unit Bathrooms - Sheet vinyl in color Charcoal

Doors - Clear finish white maple with hollow metal frames painted to match walls.
