

TENANT ALERT

Free Webinar: King County Vaccine Verification Tools and Updates for Businesses

Hosted by Seattle Chamber

October 6, 2021

Hello Market Community,

Effective October 25, new regulations will apply to businesses in King County customers of restaurants and eateries with indoor seating and indoor theaters, event spaces, etc will be required to provide proof of vaccination status or a negative COVID test. This ruling sets common standards for all businesses and locations in King County.

Requirements:

- Businesses will be required to screen customers for inside seating for proof of vaccination status. The alternative is proof of a recent negative COVID test.
- Restaurant customers without proof will have to take out orders or be seated outside.
- Facemask requirements will also be emphasized in all indoor spaces when not eating or drinking.

At the Market

- The PDA will provide additional outdoor dining areas on the MarketFront Pavilion, however, the new guidelines are likely to limit the amount of table seating in building common areas.

To help understand this new order, the Seattle Metro Chamber has provided new resources to help businesses prepare for King County's vaccine verification requirement. Please take a look at the resources below:

King County Vaccine Verification Toolkit for Businesses – [Download Here](#)

This toolkit is designed to help members and partners implement the new policy in daily operations.

This toolkit was drafted in partnership with King County and includes:

1. Key details about the order
2. Accepted proofs of vaccination and testing
3. Signage
4. Scenarios and training resources

Free Webinar: Best Practices for Customer Vaccination Verification – [Register Here](#)
